CAREER OBJECTIVE

Motivated engineering student specializing in full-stack web development with a strong foundation in HTML, CSS, React.js, and Node.js. I am interested in building scalable, real-world applications and continuously improving my technical and communication skills to contribute effectively to a professional team.

EDUCATION

SRI SAIRAM INSTITUTE OF TECHNOLOGY, Chennai, Tamil Nadu – B.Tech Information Technology.

BHARATHIDASAN, Kanchipuram, Tamil Nadu – Higher Secondary Education.

TECHNICAL SKILLS

Programming Languages: Java, Python.

Database: MySQL, MongoDB

Frontend & Backend: HTML5, CSS3, React.js, Node.js

Cloud: AWS(EC2, S3)

Tools & Technologies: Git, VS Code

Emerging Skills: Machine Learning, Cloud Computing, and Data Analysis

PROJECTS

Skin Defect Analysis Using Machine Learning (React.js, Node.js, MongoDB)

- Developed a full-stack skin disease detection application using React.js, Node.js, and Machine Learning.
- Integrated image-based prediction with a user-friendly interface for accurate skin condition analysis.

User Authentication System (React.js, Node.js, MongoDB)

- Built a secure login and registration system using React.js, Node.js, and MongoDB.
- Implemented authentication and user data management with encrypted credential storage.

HANDS ON EXPERIENCE

TECKMONKS, Coimbatore / FULL STACK DEVELOPMENT

- Currently completing a 6-month internship at TechMonks, gaining practical industry experience.
- Developed web applications using HTML & CSS and full-stack applications using React.js and Node.js.

8QUEENS, Chennai / AWS CLOUD COMPUTING

- Gained hands-on experience with AWS services, including Amazon EC2 and Amazon S3.
- Launched EC2 instances and managed cloud storage using S3 for data hosting and retrieval.

CERTIFICATIONS , ACHIEVEMENTS & LEADERSHIP

- NPTEL Cloud Computing – Elite Certification, Java Full Stack Developer, Python Programming, Big Data Computing
- Successfully completed multiple industry-relevant certifications in Cloud Computing, Python, Full Stack Development, and Big Data.
- Led a team in the college Group Dance Competition, coordinating practice sessions and team performance, **resulting in 1st place among 15 teams.**
